

Lower Costs - Enhance Revenue - Increase Efficiency This is what MedIT does for Medical Practices

Medical Practices are continually searching for ways to cut operating cost and boost efficiency. MedIT Resources offers options for your office to adopt a variety of technology solutions such as **electronic health record software**. You may have EHR, practice management software or are thinking about purchasing technology for your office. In either case, we may be able to save you significant dollars and headaches.

MedIT Total Turn-Key Solution

- EHR-centric outsourced medical billing service, claim processing and collections
- Technology Infrastructure Management/Support for your Existing or Planned Project
- EHR Software Sales, Consulting and Project Implementation
- Specialized Computer Server/Network Sales and Support for Medical Offices

MedIT Medical Billing Service Offers Special EHR Pricing Option for Qualified Practices

For practice who are looking for a medical billing and collections service. MedIT includes a subsidy for qualified practices to receive the following:

- As a MedIT billing service clients receive a discount subsidy that lowers your EHR software, training and installation cost by 30-50%.
- Includes billing clearing house with eligibility verification
- Remote hosting of data at a secure site included with billing service
- Very competitive shared revenue percentage of collections. We have an incentive to assist you to collect every dollar due.
- Practice qualified for program based on history of collection and payor mix.

Call MedIT today to learn more about our intelligent approach to implementing technology in your medical office.
